

Chemsex Training

This resource is by the Queensland Network of Alcohol and Other Drugs (QNADA).

This resource provides information for health workers working with men who engage in chemsex.

Summary: This training module provides an introduction to working with men who engage in **chemsex**. It provides an overview of the history of chemsex, key terminology, and important considerations for AOD (alcohol and other drug) specialist workers. It is suitable for all levels of staff in an organisation and can complement existing induction for new staff into the AOD sector.

Developers: The module was developed by the Queensland Network of Alcohol and Other Drug Agencies (QNADA), in partnership with Queensland AIDS Council (QuAC).

Year: 2019

Costs: Free

Evidence base: This resource has undergone expert review.
